

# PEARL'S AVIAN PRIMARY CARE LIST

Alphabetical by practice name - List last updated in July 2023

PEARL Parrot Rescue provides this multipage list as a resource for the regional avian community and does not have firsthand experience with all facilities mentioned below, thus inclusion on the list is not a specific endorsement. When avian facilities are suggested, PEARL confirms with the facility that avian care is provided by the identified veterinarian. Once confirmed, our list is updated accordingly. If your preferred provider is missing from our list, please let us know: [info@pearlparrots.com](mailto:info@pearlparrots.com)

**FOR AVIAN EMERGENCIES**, try your local primary care facility during advertised office hours but call first! Veterinary practices emphasized in **red text below** advertise **24/7 EMERGENCY CARE** for after hours emergencies. **Call the urgent care facility in advance to assure an avian veterinarian is on call.**
